

FREE ONLINE MASTERCLASS

Six Key Strategies for Risk Reduction in Manufacturing

PRESENTED BY PROVERUS INC

SEPT
23

All companies have hidden risks. *Do you know what yours are?*

2020 was a nightmare for many manufacturing companies - from supply chain issues to ransomware attacks. Never before have we seen so many risks causing catastrophic losses in the manufacturing world.

Let's face it - manufacturing has gone digital, making all areas of operations more vulnerable than ever before...That's why you need to be prepared.

We believe knowledge is power. Join our free online masterclass on Sept. 23 to learn the Six Key Strategies to Reduce Risk in Manufacturing. We promise to provide tremendous value and actionable information. It's 60 minutes that will be well-worth your time.

Sept. 23, 2021
